To whom it may concern,

As a Columbia SC resident I would like to voice my opinion on uber in our city and the recent decisions made to shut down their operations.

My husband and I frequently use uber both together and alone. We have been very satisfied with the rides we have gotten with uber in regards to convenience, price, and safety. We have had absolutely no problems and I myself feel very comfortable as a women taking an uber alone versus the alternative of taking a cab. I feel very confident that uber performs background checks and I feel much safer than when I have taken any local cabs.

The ease of direct payment from your phone and ability to split fares with other individuals are things that no other local cabs offer.

I know I am not alone on these stated points and hope that this issue can be resolved so we can continue to enjoy affordable and easy safe rides.

Subject: Uber ban

Hi,

My name is John Brooker, and I live and work in South Carolina. I just wanted to express my opinion about the Uber ban.

I believe banning this service in South Carolina is a disservice to democracy and progress. The government is supposed to be catering to the people's interest, not to the interest of special groups and businesses.

Please reconsider this decision,

John Brooker

Hi my name is Paul Jennissen. I am unable to drive due to my epilepsy. My wife and I rely on the reasonable cost of uber. We like the company and are upset as tax payers that you have taken this away from us. Disappointed. Paul Jennissen, fort mill sc

To whom it may concern:

As a lifelong resident of South Carolina I was pleased to see uber come to our state. I was happy to see our state moving forward with the times. To see the order to cease action is disappointing and I hope this is resolved quickly. I would hate to see older views or the cab commission unfairly influence beliefs and as a citizen be denied safe transportation.

It should also be noted as a female I feel much safer in uber cars than any local taxi service!
